

NL-EL-6W

6 WATT EYELID STEP LIGHT

- 6 Watt CREE high power LED (not replaceable)
- Energy efficient, total consumption 6 Watts
- Waterproof rating of IP68, submersible to 3M
- Comes with inground shroud for setting in concrete
- Stainless Steel base for good heat dissipation
- 304 Stainless Steel front bezel
- Fitted with 1 x 2M of 12 volt cable
- Specially machined glass lens to reduce debris build up

SPECIFICATION

Bevel Finish	304 Stainless steel
Hard Anodized	Stainless steel
Dimensions	75mm x 93mm
Light Source	6 watt CREE LED
Flux	180 Lm (max)
LED colour	Warm white / 3000k
Beam angle	120°
Input Voltage	12V AC / 12V -16V DC
Power consumption	6 watts
Protection class	IP68 / Connector IP68
Cable	1 x 2m with connector
Installation	Above ground & below water
Transformer loading	6 watts
